Matters Arising from Previous Meeting

1. River Lane
The Land Registry at York had been contacted and we are informed that due to a 'Caution' being placed on any information regarding 'Air View' that there is no possibility of any information being available to us, at that time, confirmation by way of letter had been posted to us, at this time the letter had not reached us.
2. Affordable Housing Scheme
The Rural Trust had been contacted and informed that we wished to go ahead with the survey and Selby Council had been contacted and were arranging for the survey forms to be printed.

Item No 1

Proposed Change of Use of Agricultural Building to Garage/Workshop at Whitehouse Farm, West Haddlesey for Neil Wetherell

Points Raised:

1. Why now apply for Change of Use when for the last approximately 10 years the building in question had been used for a Garage/Workshop.
2. The application description was very vague as to the type of work to be carried out we feel we should have more specific information regarding points such as week end working.

Item No 2

A letter had been received from North Yorkshire Police regarding Traffic Management matters in the Selby Division. Constable David Brown, the Divisions Traffic Management Representative was to be contacted to guest at our next meeting to discuss any traffic problems we may wish to raise.

Item No 3

Post Office Lane, 25 trees had been received for National Tree Week and some had been planted down Post Office Lane on the 29.11.92 where it was noticed that the farmer had ploughed up some of the side of the land this time planting, due to the ongoing claiming of the land as a right of way it was decided to take no action at this time.

There being no other business the meeting closed at 8.30 pm
